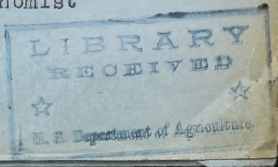
Washington, D. C.



Cahoon Hand Seed Sower—Durable and dependable for sowing Austrian Peas, vetch, oats, lespedeza, grass and clover seed, etc. Perhaps the best hand broadcasting machine made. Has adjustable small and large feed gates for different sized seed. Metal 11x10 in. breast-plate. Gears and frame are malleable iron. Capacity, 22 qts. Shipping weight, 8 lbs.

Prices: $4.40 f. o. b. here; $4.75 postpaid.

Cyclone Hand Seed Sower—Recommended for sowing all small and large seed which are commonly broadcast. Simply constructed, easily operated, and very popular. It is adjustable. Oscillating feed plate won't clog. Capacity half bu. Shipping weight, 4 lbs.

Prices: $2.25 f. o. b. here; $2.50 postpaid.

Order one or more of these inexpensive hand seed sowers for broadcasting almost any and every kind of farm and lawn seed. Both are adjustable for taking care of different sized seed, and sowing different quantities per acre. These sowers enable you to broadcast evenly and quickly, and save TIME and SEED.

MISCELLANEOUS SEED—(Continued)

	Pk.	1 Bu.	5 Bu.	25 Bu.
BARLEY, BEARDLESS—Grown from pedigreed seed	$ .55	2.00	1.85	1.75
OATS, COKER'S 33-50 SMUT RESISTANT—Heavy yielder	.40	1.35	1.25	1.20
" , **TEXAS RED RUST RESISTANT**—Grown by us. See below.	.35	1.00	.90	.85
RYE, ABRUZZI, GENUINE—Extra plump, large grains, Recleaned.	.60	2.15	2.00	1.90
WHEAT, BLUE STEM—An especially pretty lot. Recleaned	.65	2.20	2.05	1.95

NOTE—All of our seed grains are selected for trueness to name, high yields, and all-around quality. Everything has been thoroughly machine cleaned and graded. We sell nothing that is "thresher run." It pays us to sell the BEST, and it will pay you to buy the BEST—especially when it comes to seed. We particularly want to call attention to our Texas Red Oats, which were grown by us. We firmly believe them the equal of any oats of the same variety, regardless of where grown or the price asked. We sell 32 lbs. for a bushel as everyone else does, but by measure, they average 39 lbs. per bushel. Don't plant "commercial quality oats" when oats as good as these can be had so reasonably.

TESTED SEED PAY—We attach analysis tags in compliance with Alabama Seed Laws to all bags of seed weighing 5 lbs. or more that we ship. In this way, we know and you know what you are getting. Don't buy by guess, but by test! It pays.

PLACE ORDERS NOW FOR THE BIG FALL PLANTING SEASON

To Do So Will Likely Save You Money, Disappointment and Time. Demand Is Heavy.

Most legume seed weigh 60 lbs. per bu. Unhulled Black Medic weighs 40 lbs. See index of catalog for Lespedeza and other wts.

INOCULATE WITH NITRAGIN "A": Alfalfa, Black Medic, California Bur, and Annual Yellow and Biennial White Melilotus.
" " " "B": Alsike, Crimson, Hop, Persian and White Dutch.
" " " "C": Austrian Winter Peas, and Hairy and Hungarian Vetch.

INOCULATE ALL LEGUMES WITH NITRAGIN The Original Legume Inoculator

REMEMBER that—Legumes NOT Inoculated are "SOIL ROBBERS," and Legumes WELL inoculated are "SOIL BUILDERS." By all means inoculate all Legume seed for best results, unless the soil contains the proper bacteria. See our catalog for more information. NITRAGIN is the oldest and most widely used inoculation in America. Poor inoculation, or no inoculation, causes many legume failures. See "over" for NITRAGIN prices.

N. B. We can fill orders immediately f. o. b. Mobile, Ala. for imported Austrian Peas and Hairy Vetch, and f. o. b. New Orleans, La. for domestic Austrian Peas, Hungarian Vetch, and Italian Rye Grass. These stocks are to save you time and freight. Send all orders to Darlington. Bags contain 100 lbs. each and cannot be broken at the ports. The above prices apply. If you order only one bag, add 25 cents extra to cover special port handling.
